# technologies

## STANDARD WHITE

OUR STANDARDS JUST GOT HIGHER

Bruck Lighting's innovative Standard White LED solutions brilliantly fuse flattering tones with efficient performance to bring out the best in any space.

## WARM DIM

WITH SOFT, CANDLE-LIKE LIGHTING

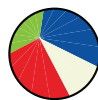

Bruck Lighting delivers the warmth of candle light through our Warm Dim solutions. Synchronized control of intensity and color, along with smooth 3000K to 1800K dimming, will create a cozy environment.

## TUNABLE WHITE

SYNC YOUR ENVIRONMENTS

Bruck Lighting's Tunable White solutions give you the dynamic white you've always wanted.

## RGBW

OPEN UP A WORLD OF COLOR

RGBW solutions create personalized lighting experiences, using the whole box of crayons. Open up a world of design options through the power of color.
